

Trustees Liability Insurance

This policy indemnifies Trustees and/or Executive Officers of an RSL sub-Branch for damages and or legal expenses incurred when defending a legal action brought against them, arising out of the management or alleged mis-management of sub-Branch affairs.

- Examples:
1. The Trustees and/or Committee fail to adequately insure their sub-Branch building which is subsequently destroyed by fire. The Insurance Company refuses to meet the total rebuilding costs. The Trustees could be held liable, due to their failure to properly protect an asset of the RSL sub-Branch.
 2. A sub-Branch which does not own their own property still requires cover as they will invest monies on behalf of the sub-Branch and give advice to members regarding pensions and various other matters. Even if you feel you have no exposure the legal costs of establishing your innocence will be substantial.

Please note: Renewal date is 31st May each year. A renewal account is sent each year by Scott & Broad to sub-Branches who were insured the previous year inviting them to insure again.
